SUMMARY

Enthusiastic Frontend Developer with expertise in React.js, JavaScript, HTML, and CSS. Passionate about learning new technologies and enhancing web development competencies. Seeking opportunities to broaden my career curve and contribute as a dedicated team player.

SKILLS

- ✓ **PROGRAMMING LANGUAGES** : JavaScript ES6, Java
- ✓ **WEB TECHNOLOGIES** : HTML5, CSS, Bootstrap
- ✓ **FRAMEWORKS** : ReactJs, Spring Boot
- ✓ **TOOLS** : Visual Studio, Eclipse, Git

EXPERIENCE

CAPGEMINI - Bengaluru, karnataka

Frontend Developer | October, 2022 - Present

- Designed and implemented responsive, highly interactive user interfaces using **React.js, JavaScript, HTML5, and CSS**, ensuring a seamless user experience.
- Collaborated with cross-functional teams and backend engineers to understand project requirements and UI design concepts, leading to cohesive and efficient development.
- Refactored code for improved efficiency, optimized performance, implemented new features per requirements, and ensured the development of robust and reliable applications.
- Teamed up with senior developers to debugging and resolving issues, enhancing the overall performance and reliability of the applications.
- Maintained documentation for various frontend components and best practices.
- Engaging in daily stand-ups and team meetings.

PERSONAL PROJECTS

E-Commerce Application - Lenskart

- Developed a comprehensive e-commerce application for buying eyewear products.
- Featuring user authentication using JWT, dynamic product catalog with filtering and search functionalities, shopping cart, admin panel for managing products, orders, and user information, and a responsive design using Bootstrap.

CovidCare Appointment Scheduler Application

- Scheduling system for COVID-19 clinics to streamline booking and managing patient appointments.
- Implemented secure user authentication, intuitive booking and canceling appointment, admin dashboard for managing clinic schedules, patient records, prescription and responsive design for seamless access across devices.
